

Report to CALC SLD Association meeting 21 September 2017 from representative on:

### **SLDC Standards Committee**

At the 19 September 2017 meeting the Committee agreed to recommend to Full Council a draft “Protocol on Good Practice in Licensing for Members dealing with Licensing Issues”. It is the Council’s first such protocol and will also be run past the Licensing Committee and Licensing Regulatory Committee before going to Full Council.

The rest comprised routine reviews and reports which were deemed to be satisfactory and were received or noted unanimously.

It was agreed to allow the mid-year “Report on Compliments, Customer Feedback and Complaints” to be less detailed than the full year-end Report.
