The sickness policy was agreed except for the time factors. Whilst some believed it was over generous and potentially unaffordable, others questioned the comparison with similar organisations.

It was agreed

1. To approve the policies other than sickness and special leave.
2. To bring the special leave policy back to the next meeting with the intention of approving providing members felt it was comprehensive and affordable.
3. The Chair would explore other examples of sickness policy in similar organisations and also the terms applying to parish/town clerks.
4. The chair would provide a financial impact assessment based on '3' to the next board meeting
